LETTER OF RECOMMENDATION

It gives me great pleasure to write a recommendation letter for Ms. **TUNA JOB**, who was enrolled in the four-year Bachelor of Technology program in Computer Science and Engineering at the College of Engineering Kidangoor in Kerala. She was a student in the department of Computer Science and Engineering at APJ Abdul Kalam Technological University in Kerala for the academic year 2020-2024.

As a professor who oversees class seminars and projects, I've noticed that TUNA JOB has an effective understanding of the subject matter and the ability to learn more. Apart from being a careful learner in the classroom, TUNA JOB participated in extracurricular activities.

She is a remarkable individual with a strong moral code and great writing, speaking, and presenting skills in English. Her great ambition to pursue higher education and the intellectual promise of research projects give me hope in her potential to flourish as a masters student.

I have no hesitation in recommending Ms. **TUNA JOB**, who I believe will be an excellent candidate for your esteemed institution.

Sincerely,

Dr. Ojus Thomas Lee,

Associate Professor in CSE,

College of Engineering Kidangoor,

Kidangoor South P. O.,

Kottayam
