NAAC ACCREDITED 'A+' GRADE COLLEGE

Jan 11, 2024

Letter of Recommendation

To whomsoever it may concern

In my capacity as a Professor at Hans Raj College, University of Delhi, I am pleased to extend my recommendation for one of my students, Mr. Ramsankar Tempie. During his time at Hansraj College, University of Delhi, I have been able to observe his growth as a student and as an individual. Given what I know of him, it would be safe to say that he will do remarkably well in graduate studies.

What makes Ramsankar different is his natural curiosity along with the ability to scrutinize ideas. His learning is characterized by enthusiasm and the willingness to go deeper into ideas that might be complex. In every case, even outside the classroom, when discussions arose, he was able to contribute with sharp analyses, creativity, and a problem-solving mindset.

Ramsankar's sets of qualities do not only end with academic achievements. He has undying will power and self-assurance and is confident about himself that he can tackle challenges. His discussions with peers and with mentors, shows collaboration and respect, which means he has good social skills.

With Ramsankar's understanding of academic work, resourcefulness and eagerness to learn, he would be an asset to any educational institution. I am confident that he will perform to the best of his abilities in his future tasks, and would be able to make meaningful contributions to his field of studies and to your institution. I extend my best wishes for his future endeavors, and if you require additional clarification regarding this student, please do not hesitate to contact me.

Sincerely

Dr. Preeti Dharmarha
Professor, Department of Mathematics
Hans Raj College
University of Delhi, India

LETTER OF RECOMMENDATION

It gives me a great pleasure to recommend Mr. Ramsankar Tempie to pursuing graduate studies. I had an opportunity to be his Manager in Excella Corporate Consultants PVT LTD and I closely worked with him, thus I can appreciate his outstanding professional and human qualities which characterize him as a tremendous individual.

Ramsankar has never fallen short in work performance, accomplishing tangible results while demonstrating a good mastery of the required skills without the hassle of supervision. His work has always been of great importance and has proven his ability in critical and creative thinking by providing a range of ideas and approaches. He is a fast and enthusiastic learner, always diligent and attentive to details while performing his tasks.

It is this aspect that makes Ramsankar tick, him cooperating with his co-workers, as well as employees of other organizations which improves the working conditions. His strong interpersonal and oral communication skills have assisted him in building the required team and completing the assigned objectives. Besides, with such a willingness to grab the opportunity in all possible tasks to broaden his capabilities – he focuses on development.

I have no doubt that Mr. Ramsankar is an accomplished professional who possesses intelligence and desire to complete graduate education and will, as a result, be successful in graduate program. He possesses the characteristics, as well as the abilities that enable him to advance progress and enhance your institution as well as his field of study.
