

Letter of Recommendation

I am pleased to recommend Yashika Chaudhary, who has been a dedicated associate in the Founder's Office team at HealthKart, for the past 8 months, for her master's degree. While I have only had the privilege of working with her for the last three months since my arrival as the Chief of Staff, I have quickly come to recognize her exceptional work ethic, problem-solving skills, and relentless drive for success.

In her role, Yashika has been instrumental in driving key initiatives that directly influence and align with the Founder's Office goals and objectives. She has continuously demonstrated her commitment to her duties and contributed significantly to projects that support the company's continued growth and operational excellence. Her duties have included creating models for working capital analysis, preparing monthly financial reports, and conducting financial analysis for different revenue channels, among others. In addition, she has exceptional interpersonal skills, evidenced by her continuous cooperation with internal stakeholders to identify issue areas and develop strategies for achieving sustainable growth.

Yashika's capacity to not only handle her assigned responsibilities but also to continuously seek out areas where she might be able to contribute is one of her most noteworthy traits. This demonstrates to me her commitment to becoming well-versed in all aspects of our company and her constant pursuit of excellence. Aside from her professional skills, Yashika's optimistic demeanour, contagious enthusiasm, and can-do mentality contribute greatly to the team and workplace. Her efficiency and accuracy in handling complex tasks, together with her proactive approach, makes her a valuable member of our team.-

I am confident that Yashika will excel in her next endeavour and strongly recommend her for your master's program. Please feel free to contact me at gunit.kapoor@brightlifecare.com if you require any additional information or insights about Yashika's accomplishments and capabilities.

Yours sincerely,

Gunit Kapoor

Chief of Staff

HealthKart
