

NITTE
(Deemed to be University)

**NMAM INSTITUTE
OF TECHNOLOGY**

Nitte (DU) established under Section 3 of UGC Act 1956 | Accredited with 'A+' Grade by NAAC

Date: 22nd October 2024

TO WHOMSOEVER IT MAY CONCERN

It gives me great pleasure to offer Johan Vijay Braggs this letter of recommendation. I have had the pleasure of guiding him. At the same time, he was a student in the Department of Computer Science and Engineering at N.M.A.M. Institute of Technology, Nitte (Deemed to be University), Udupi, Karnataka, India. I am Dr. Sannidhan, a Computer Science and Engineering Professor. I have known Johan from his coursework and project work both Machine Learning and Python Programming.

Johan has consistently demonstrated exceptional performance in his computer science coursework. Throughout the semester, he has demonstrated a good understanding of complex algorithms, actively participated in discussions, and submitted top-quality assignments. Earlier, I was lucky to teach the students during the 3rd semester. He indicated an excellent understanding of programming processes and focused on practical applications.

The project I have guided him is "Gold Price Prediction using Machine Learning", in which Johan predicted the trends in the market. Johan proved himself very strong at research, data analysis and modelling. His diligence throughout the project - from the first data collection to the final results presentation - was impressive. He did long hours of modelling work to make sure that his models were as accurate and consistent, thereby being able to make good predictions.

I believe Johan has the potential to thrive in a challenging graduate program. His foundation in ML, combined with his enthusiasm for the field, suggests he could develop into a capable researcher with proper guidance.

Dr. Sannidhan M S, Ph.D.

Associate Professor, Computer Science and Engineering
N. M. A. M Institute of Technology, Karnataka - 574110, India
