To Whom It May Concern,

It is with great pleasure that I write this letter of recommendation for Ms. Jane Oveita Vaz, who was a student at St. Joseph Engineering College. I had the privilege of teaching her several courses during her time here, including Calculus and Linear Algebra, Advanced Calculus and Numerical Methods, and Complex Analysis, Probability, and Statistical Methods. As the Professor and Dean of Student Welfare in the Department of Mathematics, I had numerous opportunities to observe Jane's academic growth and her exemplary character.

Throughout her academic career, Jane consistently demonstrated a strong grasp of mathematical concepts. Her performance in all the courses I taught was remarkable; she was one of the high scorers and exhibited an excellent understanding of the material. Her dedication was particularly evident in her lab work, where she worked diligently on MATLAB assignments, consistently submitted her work on time, and showed an exceptional degree of punctuality. Her active participation in both theoretical and practical aspects of the course reflected her passion for learning.

Beyond her academic achievements, Jane was actively involved in various extra-curricular activities, which speaks to her well-rounded personality and commitment to social causes. She participated in Technova, an event where final-year students showcased their projects, displaying her leadership and project management skills. Furthermore, her participation in community outreach programs, such as visiting a government school to teach children about technology, beach cleaning initiatives, and visiting an orphanage, demonstrates her sense of social responsibility and willingness to contribute to society.

Jane's ability to balance academics and community involvement is truly commendable, and I have no doubt that these qualities will make her an asset. I wholeheartedly recommend her for any academic opportunity she seeks, confident that she will continue to excel and make meaningful contributions. Please feel free to contact me if you require any further information.

Sincerely,

Dr. Ramananda H S

Professor & Dean, Department of Mathematics

To Whom It May Concern,

I am pleased to write this letter of recommendation for Ms. Jane Oveita Vaz, who was my student during her undergraduate studies at St. Joseph Engineering College, Mangaluru, Karnataka INDIA, where I serve as Dean of Academic Affairs and Professor in the Department of Mechanical Engineering. I had the privilege of teaching Jane in the course Management and Entrepreneurship for IT thereby closely observing her academic performance, work ethic, and involvement in extracurricular activities.

Jane demonstrated a strong academic aptitude and intellectual curiosity in class. She was consistently engaged in discussions, showed a keen interest in exploring concepts beyond the syllabus, and always sought to deepen her understanding of management and entrepreneurship principles. Her analytical skills and ability to apply theoretical knowledge to practical scenarios were impressive. I would confidently describe her as very intelligent and studious, with an excellent grasp of the subjects I taught her.

In addition to her academic achievements, Jane's participation in extracurricular activities reflects her holistic approach to education. Notably, she was part of Technova, a college level event showcasing final-year projects, where her team's work earned the accolade of Most Innovative Project of the Year 2023-24. She also participated in various social outreach programs, including teaching technology to children in a government school, visiting an orphanage, and organizing beach cleaning drives. These experiences highlight her commitment to social responsibility and her willingness to use her knowledge and skills for the betterment of society.

In conclusion, I highly recommend Jane Oveita Vaz for any endeavor she wishes to pursue. Her academic excellence, proactive nature, and commitment to both learning and community service make her a standout candidate. I have no doubt that she will continue to excel in her future endeavors, and I fully support her application for higher studies. Should you require any further information, please feel free to contact me.

Sincerely,

Sudheer M

LETTER OF RECOMMENDATION

I am pleased to write this letter of recommendation for Ms. Jane Oveita Vaz, who was a student in the Department of Computer Science and Engineering at St. Joseph Engineering College. As the Head of the Department, I had the opportunity to closely observe Jane's academic journey, and I can confidently say she is one of the intelligent, and proactive students I have worked with.

Academically, Jane consistently performed well, demonstrating a strong grasp of the subject matter and an unwavering commitment to her studies. She had a curious mind and displayed good analytical and problem-solving skills throughout her coursework. Her final year group project earned the "Most Innovative Project of the Batch" award at our annual Technova event.

Beyond academics, Jane was an active participant in various community outreach initiatives. She displayed her commitment to social responsibility by visiting an orphanage, participating in beach clean-up drives, and contributing to an outreach program at a government school. Her involvement in these activities reflects her compassionate nature and dedication to giving back to society, qualities that are equally important as her academic accomplishments.

Jane has a positive attitude, excellent communication skills, and the ability to work under pressure, all of which will undoubtedly contribute to her success in future endeavours. I strongly recommend her for further studies she chooses to pursue. I am confident she will excel in any academic setting.

Sincerely,

Dr Sridevi Saralaya
